

Quo Captain Kangaroo?

Desire to kill serious time  
(no flowers on the wall)  
as my channels scroll by.

About 100, but 3 or 4 proffer  
florid, ranting preacher-  
assholes, and as many in

languages disapproved of  
in Mainstream America. (Yet  
they laugh and steamily love  
through their linguistic disgrace!)

I'd grab anything about football.  
*Love of Quilting* just rolled past.

Are there players who quilt? If so,  
more than I can stomach, though

tape of their doing it'd  
lead all nightly newscasts.
